

# MASTER PARTS AND ACCESSORIES ILLUSTRATION CATALOG

FORM FP 7635-B

FORD PARTS and SERVICE DIVISION

### GENERAL INSTRUCTIONS

This Ford Car Master Parts Catalog contains parts illustrations for Bronco, Fairlane/Torino, Falcon, Ford, Maverick, Mustang, Pinto and Thunderbird for model years 1965 to 1972 for U.S. and Canadian built vehicles.

Use this Illustration Catalog in conjunction with the Text Catalog, form FP 7635-A.

For greater convenience this catalog is divided into specific sections, such as brakes, front suspension, engine, transmission, etc. For example, FRONT SUSPENSION appears in Section 30, STEERING in Section 35, REAR AXLE in Section 40, etc.

A separate catalog which contains the text or descriptive information for the same model year is available as form FP 7635-A. The Text Catalog is divided into sections also and like parts are shown under similar section numbers in both the Text and Illustration Catalogs.

A listing of Ford group numbers and their related section numbers appears in the General Information Section of the Text Catalog, form FP 7635-A.

Illustrations contain group numbers only, therefore, it is necessary to refer to the group within the text catalog listing for complete applicable part number.

The driver's side is the left hand side of the vehicle and determines whether such parts as fenders, lamps, etc. are right or left hand.

Model year application is indicated by showing the first year followed by a diagonal line to indicate continued usage in all subsequent years until the insertion of the last year of usage, which is shown after the diagonal line. If no diagonal line is shown the part is applicable only to the year shown.

**Example:**

65/72 indicates part used 1965 through 1972 model years  
 65 indicates part used 1965 model year only

For Warranty Plate or Certification Label Data, Catalog Model Codes and Body Type Codes refer to the General Information Section of the Text catalog, form FP 7635-A.

The various car lines and their body types are identified by vehicle catalog codes and body type codes in the text catalog as follows -

**MASTER PARTS AND ACCESSORIES ILLUSTRATION CATALOG**

FORM AF-7682

1960/64 PASSENGER CAR

AUTOLITE-FORD PARTS DIVISION

**GENERAL INSTRUCTIONS**

This Ford Car Master Illustration Catalog contains parts illustrations for the Ford (A), Fairlane (B), Thunderbird (S) and Falcon (X) passenger cars for the model years 1960 through 1964.

For greater convenience this catalog is divided into specific sections; such as brakes, front suspension, engine, transmission, etc. For example, FRONT SUSPENSION appears in section 30, STEERING in section 35, REAR AXLE in section 40, etc.

A separate catalog which contains the text or descriptive information for the same model periods is available as Form AF 7681. The "Text" catalog is divided into sections also and like parts are shown under similar section numbers in both the "Text" and "Illustration" catalogs.

A listing of Ford basic or group numbers and their related section numbers appears in the General Information Section of the "Text" catalog, Form AF 7681.

Illustrations contain basic group numbers only, therefore, it is necessary to refer to the basic group within the "Text" catalog (Form AF 7681) for the complete applicable part number.

The driver's side is the left hand side of the vehicle and should govern in determining such parts as fenders, lamps, etc. as to whether a part is right or left hand.

Model year application is indicated by showing the first year followed by a diagonal line to imply continued usage in all subsequent years until the insertion of the last year of usage, which is shown after the diagonal line. If no diagonal line is shown the part is applicable only to the year shown.

## Example:

- 60/ indicates part used 1960 through 1964 in this catalog and for subsequent years as indicated in the 1965/ catalog.
- 61/63 indicates part used 1961 through 1963 model years.
- 62 indicates part used 1962 model year only.

For Patent or Warranty Plate data, Catalog Model Codes and Body Type Codes refer to the General Information Section of the "Text" catalog, Form AF 7681.

**PROCEDURE FOR USING CATALOG**

Following is a recommended procedure for using this catalog.

Should an inquiry be received for a rear brake carrier plate for a 1963 Thunderbird, use the following steps.

- A. Refer to the Quick Reference Index on the cover of this catalog. The index shows that illustrations for Wheels and Brakes are shown in Section 10 through 24 of this catalog. The first section (10) in this group will contain an index for all illustrations in Sections 10 through 24.
- B. Refer to the Illustration Index at the beginning of Section 10 under heading "Front and Rear Brakes" and find the illustration applicable to rear brakes for a 1963 Thunderbird (Page 49).
- C. Refer to the illustration on page 49 and identify the proper part. It will show a Group number of 2211-12.
- D. Refer to Group 2211-12 in the "Text Catalog" (Form AF 7681) and locate the year 1963 in the column headed "Year". Refer then to column headed "Model" for "S" which indicates Thunderbird. The part number will be shown as C3SZ 2211-A for right hand and C3SZ 2212-A for left hand.

**HOW TO ORDER PARTS**

When ordering parts, always give the complete part number.

In the event the part number is not known, the following information should be included.

- A. Complete description of part.
- B. Year, car line and body type.
- C. Dimension, number of teeth, size, etc.; if possible rough sketch of part.
- D. If applicable to engine, transmission, axle, steering, etc.; specify type; such as 352 cubic inch, Fordomatic, Power Steering, etc.
- E. Advise how shipment is to be made - Freight, Express, Air, Parcel Post.

**EXPLANATION OF SYMBOL ★**

- ★ Symbol indicates part is not supplied for service due to the following:
  - a. Part is superseded and replaced as indicated in the description column of the text catalog.
  - b. Part can be improvised as indicated in the description column of text catalog.
  - c. Due to its function there would be little or no demand.

Always refer to the description column of the text catalog (Form AF7681) for possible substitution, or for material specifications and dimensions which may be helpful in obtaining the non-serviced part locally.
